

Reviews and Tendering

“By shouldering the burden of red tape
Tenet saves its clients valuable time”

Tenet is the leading provider of review, benchmarking and tendering services to the education sector. Having worked with over 200 colleges, universities and schools, in the last five years, over a wide range of support services. Tenet has considerable knowledge of the sector and is well placed to evaluate the various services that support each establishment and the contractors who can and perform the services.

The processes Tenet undertake in respect of each type of service, are tailored to

meet each clients specific requirements and financial guidelines.

The extensive experience of Tenet personnel and its approach in taking as much work as possible off the shoulders of clients as well as its willingness to be totally flexible, has resulted in Tenet clients returning time and again to undertake new work.

This includes reviewing, benchmarking and tendering for the following diverse range of services:

The Tenet services include;

- Bundled Services • Caretaking • Catering • Cleaning
- Facilities Management • Grounds Maintenance • Insurance
- IT Outsourcing • Manned Security • Marketing
- Nursery Provision • Photocopying and Printing
- Staff Advertising • Temporary Staff • Transport

A single source to access all review, benchmarking and tender needs, Tenet's experience helps you save time and money and achieve required standards.

MILTON KEYNES COLLEGE

“We have been delighted with the Tenet team with their professionalism and in particular with the advice and guidance we were given from start to finish”

Stephen Holley - Vice Principal Planning, Finance and Resources

Milton Keynes College has used the services of Tenet Education to head up three of its tendering processes: Catering, Cleaning and Insurance.

Tenet displayed impressive knowledge of the respective industries and the way Colleges work we were able to marry the two to our advantage. It was clear that the companies who were tendering had trust in and respect for Tenet. While we felt the final decisions were ours, we valued the professional way the whole process was handled. Tenet have also been extremely supportive and helpful with advice after the awarding

of the contracts.

We have been delighted to have all of the processes professionally documented thus providing us with a full audit trail for our external auditors. We have also been secure in the knowledge that the tendering documents and the contracts have been professionally drawn up. This has been a good partnership for us. We would recommend Tenet very highly.

- Considerable knowledge of the education sector.
- Provided invaluable support and guidance throughout
- Trustworthy and extremely professional service
